PUBLICATION WITHIN THE OFFICIAL GAZETTE

The Official Gazette, the official newspaper of the Government of Antigua and Barbuda, is published every Thursday either online or in print form at the Government Printery.

Notice Submissions and Style

Notices for publication and related correspondence should be addressed to Mr Ryan Johnson, Editor of the Official Gazette at the following email addresses: **ryan.johnson@ab.gov.ag / antiguagazette@gmail.com**

That is the preferred method of communication for **all** correspondence (especially when sending Notices/information which must be sent in Microsoft Word format) to be published in the Gazette.

Letter headings should be addressed to:

Mr. Ryan Johnson
Editor of the Official Gazette
Ministry of Justice & Legal Affairs
Parliament Drive
Queen Elizabeth Highway
P.O. Box 118
Antigua

Microsoft Word is the preferred format for notice submissions. Please do not send notices only in PDF format as errors may occur when converting to Word. Image files should be sent in JPG or PNG format.

“Therefore, please send all notice submissions in the Microsoft Word format and a PDF version of such Notice only where there are signatures to be included in the notice submission (document).” This applies to all institutions including governmental, financial and other commercial institutions. Additionally, for the security purposes of any financial information being sent, the institution’s Information Technology (IT) personnel can lock the information as a JPEG in a Microsoft Word document and send the information to the Editor in that prescribed manner.

The Gazette Department reserves the right to apply its in-house style to all notices. Any corrections which are related to style will be made at the discretion of the Editor for reasons of consistency.

Deadlines

The deadline for submitting notices for publication in the principal edition is midday Monday on every week for all commercial and Government notices, in the week of publication.

*Late notices may be accepted at the discretion of the Editor.

The deadline for cancelling notices in the principal edition is 12.00 midday Wednesday. Please call the Gazette Office immediately to cancel a notice, and confirm by email.

Advertising Rates

Publication Fee \$106.20 Eastern Caribbean Dollars.
Annual Subscription Fee: \$215 Eastern Caribbean Dollars

*Advertising rates are not negotiable.

Antigua and Barbuda Official Gazettes are published directly online at www.gazette.gov.ag

All editions are also available on subscription from the Antigua and Barbuda Government Printery, St. John’s, Antigua (telephone: (268) 562-5168/ (268) 462-0518).

In classes 41, 43, that is to say:

Class 41: Entertainment services; casino services; gaming services; gambling services; providing facilities for gambling; interactive gaming; providing an internet website portal in the field of computer games and gaming; television entertainment services; organization and provision of games and competitions for entertainment purposes; providing virtual environments in which users can interact through social games for recreation, leisure or entertainment purposes; organization of entertainment for wedding celebrations; providing facilities for entertainment; casino management; night clubs; discotheques; cabarets; theatre and entertainment services featuring music, dance, comedy, drama and magic; health clubs; recreation and sporting clubs; beach and pool clubs; golf club services; provision of golf facilities; organizing golf tournaments; country club services; providing sports facilities; amusement park services; theme parks;

amusement arcades; amusement centers; booking of performances of music, comedy, dance, drama and magic; providing facilities for recreational activities; providing facilities for performances of music, comedy, dance, drama and magic; arranging and conducting athletic events, athletic competitions and sports events; organization and promotion of sporting activities and competitions; production of radio and television programs; production of videos, movies, audio tapes and electronic games and equipment; providing online publications; publication of electronic books and journals online; conducting horse races; management of sports facilities and sporting events; provision of physical education and gymnastic facilities; production of shows; theatrical ticket agency services; organization of meetings and conferences; education services; providing instruction and training in the fields of gambling, sports and entertainment; hotel management training; casino services featuring discounts and complimentary services for frequent patrons through the use of an identification card; information, consultancy and advisory services relating to the aforesaid.

Class 43: Hotel, motel, and resort services; temporary accommodations; branded residences; serviced apartments; boarding houses, guest houses; holiday, hostels and tourist homes accommodation; holiday camping (lodging) services; retirement homes; reservation services for hotel, motel and resort accommodation; reservation services for rental of temporary accommodations; reservation services for boarding houses, guest houses, holiday, hostels and tourist homes accommodations; reservation of branded residences and serviced apartments; accommodation bureau for temporary accommodations; country club services (provision of accommodation, food and drink); provision of facilities and amenities for meetings, conferences, seminars, special events (weddings, celebrations) and banquets; provision of exhibition facilities and amenities; restaurant services; cocktail lounges (bars); bar services; temporary dining rooms; self-service restaurants; cafes; fast food restaurants; coffee shops; catering (banquet) services; self-service canteens; day-nurseries; boarding for animals; rental of meeting rooms; providing campground facilities and rental of transportable buildings.

The Applicants claim that they have not used the said Trade mark in respect of the said goods before the date of the said Application.

Any person may within three months from the date of the first appearance of this advertisement in the "*Antigua and Barbuda Official Gazette*" give notice in duplicate at the Trademarks Office, Antigua, of opposition to registration of the said Trademark.

Ms. Ricki Camacho,
Registrar Trademarks.

TRADEMARKS OFFICE

Antigua, 31st July, 2018

Richards & Co, Agent for:

A.C.I. JAPAN CORPORATION of Street E between 15 and 16, Colon Free Zone, Republic of Panama have applied for registration of one Trade Mark consisting of the following-

MILEXUS

In classes 9, 11, that is to say:

Class 09: Apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; television apparatus; mounts and mounting brackets adapted for televisions; audio mixers; audio speakers; bass speakers; loud speakers; amplifiers; speaker microphones; weighing scales, loud speaker systems.

Class 11: Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; air-conditioning apparatus; air cooling apparatus; air reheaters; cooling installations and machines; heating apparatus; refrigerators; refrigerating apparatus and machines; cool boxes; electric coolers; freezers; water coolers and dispensers for water; electric kettles; electric rice cookers; electric pressure cookers; electric cooktops; gas cooktops; electric cooking ranges; gas cooking ranges; microwave ovens [cooking apparatus]; electric cooking ovens; gas cooking ovens; electric sandwich makers; roasting apparatus; electric grills [cooking appliances]; electric warming pans; fans [air-conditioning].

The Applicants claim that they have not used the said Trade mark in respect of the said goods before the date of the said Application.

Any person may within three months from the date of the first appearance of this advertisement in the "*Antigua and Barbuda Official Gazette*" give notice in duplicate at the Trademarks Office, Antigua, of opposition to registration of the said Trademark.

Ms. Ricki Camacho,
Registrar Trademarks.

TRADEMARKS OFFICE
Antigua, 01st August, 2018

Marco Della Patrona, In Person for:

MARCO DELLA PATRONA OF BOONS HAVEN #5, ST. JOHN'S, ANTIGUA, P.O. BOX W 1312 have applied for registration of one Trade Mark consisting of the following-

In class 43, that is to say: providing temporary accommodation, accommodation bureau services (hotels boarding houses), bar services, cafe services, food and drink catering hotel services, hotel reservations, restaurant services, self services restaurant services, temporary accommodation reservations, tourist home services.

The Applicants claim that they have used the said Trade mark since 1st July, 2012

Any person may within three months from the date of the first appearance of this advertisement in the "*Antigua and Barbuda Official Gazette*" give notice in duplicate at the Trademarks Office, Antigua, of opposition to registration of the said Trademark.

Ms. Ricki Camacho,
Registrar Trademarks.

TRADE MARKS OFFICE
Antigua, 04th July, 2018

Colin V.A. Derrick, In Person for:

McBRIDE (CARIBBEAN) LIMITED of Top Floor, The Goddard Building, Haggatt Hall, St. Michael, BB11059, Barbados have applied for registration of one Trade Mark consisting of the following-

In classes 3, 5, that is to say:

Class 03: air fragrancing preparations; cosmetics and cosmetic preparations for skin care.

Class 05: Insect repellents; insect repellent incense; insecticidal animal shampoo; insecticidal veterinary washes; insecticides; pharmaceutical preparations for skin care; air purifying preparations and air deodorizing preparations.

The Applicants claim that they have used the said Trade mark since 2004.

Any person may within three months from the date of the first appearance of this advertisement in the "*Antigua and Barbuda Official Gazette*" give notice in duplicate at the Trademarks Office, Antigua, of opposition to registration of the said Trademark.

Ms. Ricki Camacho,
Registrar Trademarks.

TRADEMARKS OFFICE
Antigua, 03rd August, 2018

Roberts & Co, Agent for:

Qualcomm Incorporated of 5775 Morehouse Drive, Sandiego, California 92121, U.S.A have applied for registration of one Trademark consisting of the following-

QUALCOMM

In classes 9, 38, 42, that is to say:

Class 09: Computer hardware; computer software; central processing units (CPU); integrated circuits; microprocessors; microcontrollers; semiconductors; modems; sensors; battery chargers; accelerometers; applications processors; computer hardware accelerators; circuit boards; circuit board assemblies; data conversion circuits; data storage devices, namely transponder chips and tags and card packages containing same; development boards, evaluation boards and reference design kits for semiconductors, sensors and software; digital signal controllers; digital signal processors; direct digital synthesizers; earbuds; electronic access cards; electronic identification cards; electronic labels, electronic stickers and electronic tags for identification and security purposes; electronic tickets; electronic wristbands; headphones; high power electronics, namely radio frequency (RF) amplifiers, high side switches and battery sensors; microcircuits; microcomputers; mobile phones; near field communication (NFC) technology-enabled devices; radio frequency transistors; user interfaces for electronic devices; wireless communication devices for recording, organizing, transmitting, receiving, manipulating, and reviewing voice, text, data, image, and audio files; computer hardware, software and firmware, central processing units (CPU), semiconductors, integrated circuits, microcontrollers, and Computer hardware; computer software; central processing units (CPU); integrated circuits; microprocessors; microcontrollers; semiconductors; modems; sensors; battery chargers; accelerometers; applications processors; computer hardware accelerators; circuit boards; circuit board assemblies; data conversion circuits; data storage devices, namely transponder chips and tags and card packages containing same; development boards, evaluation boards and reference design kits for

semiconductors, sensors and software; digital signal controllers; digital signal processors; direct digital synthesizers; earbuds; electronic access cards; electronic identification cards; electronic labels, electronic stickers and electronic tags for identification and security purposes; electronic tickets; electronic wristbands; headphones; high power electronics, namely radio frequency (RF) amplifiers, high side switches and battery sensors; microcircuits; microcomputers; mobile phones; near field communication (NFC) technology-enabled devices; radio frequency transistors; user interfaces for electronic devices; wireless communication devices for recording, organizing, transmitting, receiving, manipulating, and reviewing voice, text, data, image, and audio files; computer hardware, software and firmware, central processing units (CPU), semiconductors, integrated circuits, microcontrollers, and analysis and trace, all for use in the development of stand-alone software programs used in devices such as network switches, engine control modules, cat-scan machines, industrial automation controllers, avionics and wireless handsets; computer hardware and computer software based development tools, namely, compilers, debuggers, integrated development environments, run control, event analysis and trace, all for use in the development of stand-alone software programs used in industrial, consumer and automotive applications; computer hardware and computer software for transferring, storing, converting and displaying medical device data; computer hardware and software for creating, programming, controlling, encoding, scanning, reading and interpreting RFID and NFC chips and tags; computer software for charging smart phones, tablets, and mobile electronic devices; computer software for enabling functionality of safety and testing systems, apparatus and equipment; computer software for enabling functionality of sensors for use in automotive, consumer, industrial and medical applications; computer software for managing computer networks; computer software for tracking; computer software, hardware and chipsets for use with wireless communication apparatuses, consumer electronic devices, smart phones, digital cameras, IP cameras, drones, unmanned aerial vehicles (UA VS) and wearable mobile computers; computer peripherals for processing digital signals, for processing background data and information on computer operating systems, for tracking user activity and location, for enabling activation by speech and touch and for detecting sensory cues and launching applications that correspond to specific sensory cues and computer software, hardware and chip sets for use with these goods; computer software, hardware, and chipsets for streaming music and for synchronizing audio speakers in consumer electronics devices; computer software, namely compilers, linkers, support software to assist in the development of stand-alone programs, and software for assisting in the development of object oriented software applications, such as database systems; computer software, namely operating systems, board support packages (BSPS), virtualization technology software,

hypervisor software, embedded software, applications programming interface (API) software, software libraries used to create other computer software; applications software for automotive, consumer, health care, medical, aerospace, military, cellular and mobile communications, networking, motor control, smart energy, and industrial applications, protocol stacks, configuration software, and optimization software; content filtering software, namely, computer software for controlling content made available to a user; control plane software; data plane software; data processing apparatus and software for enabling, controlling, managing and monitoring all aspects of a paperless payment and/or access system employing RFID (radio frequency identification) and/or NFC (near field communication) technology, including allowing users to recharge their payment accounts remotely; deep packet inspection software; downloadable computer software for developing computer hardware and software for chipsets for wireless devices; enterprise security software for use in gateway and other networking devices to provide network security; firewall software; integrated networking, security, and collaboration software; internet security software; intrusion detection and prevention software; load balancing software; VPN (virtual private network) operating software; integrated circuits, computer hardware and software for signal processing in wireless communication apparatuses, consumer electronics devices, portable media devices, mobile gaming devices, pocket computing devices, and smart phones; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers; recording discs; computer network interfaces devices; electronic, electro technical and electromagnetic modules; data processing equipment; data storage apparatus; interfaces for computers; smart cards; smart card integrated circuits; RFID chips and tags; computer hardware and software for creating, programming, controlling, encoding, scanning, reading and interpreting RFID chips and tags; contactless smart cards; dual interface smart cards; dual interface integrated circuits that provide a link between contactless cards and contact cards; writers and readers for wireless transmission to and from transponder chips; electronic apparatus for writing and reading of wireless transmission to and from transponder chips; computer programs for controlling transmission of data to and reading of data from transponder chips; data processing machines for fare determination using transponder chips; encoded smart cards; computer hardware, software and peripheral devices used for access control and authentication purposes; wearable activity trackers; wearable computer peripherals; smartphones; wearable telecommunication apparatus; multicore processors; application-specific integrated circuits (ASICs); integrated circuits embedded with software; signal processors; digital signal processors (DSPs); vector processors; vector signal processors; communications processors; network processors used in network and telecommunications equipment; application-

specific hardware accelerators; wireless baseband processors; base stations on a chip, namely wireless base stations on a chip; integrated circuits, namely system basis chips and systems on a chip (SaC); multi core microcontrollers; semiconductor chip sets comprised primarily of semiconductor chips; integrated circuit modules in the form of semiconductor packages and packaging, namely redistributed chip packaging (RCP), and systems- in-package (SiP); radio frequency (RF) power transistors; radio frequency semiconductors; sensors, namely, inertial sensors, pressure sensors, magnetic sensors, touch sensors all for use in automotive, consumer, and industrial applications; proximity sensors; radar sensors; capacitive sensors; acceleration sensors; gyro sensors; sensors for computer interfaces featuring software, firmware and electronic integrated circuit chips; sensor systems comprised of sensors, computer software, microprocessors, microcontrollers, and logic or wireless protocols for enabling functionality of sensors for use in automotive, consumer, and industrial applications; electronic test instruments for developing and testing microprocessor-based systems; semiconductor memories; semiconductor devices, microcontrollers, integrated circuits, circuit boards, chipsets, all for management of operating frequency, voltage and power, optimization of static and dynamic power, power management, power optimization or power reduction; semiconductors, sensors and software for use in automotive, consumer, aerospace, military, cellular and mobile communications, networking, motor control, smart energy, and industrial applications; semiconductors and software for use in healthcare and medical applications; semiconductors, sensors and software for use in wireless connectivity, battery management, smart grid, smart metering applications, engine control units (EeUs) and tire pressure monitoring systems (TPMS); microcontrollers, firmware, sensors, and radio frequency (RF) and analog circuitry devices for use with energy efficient wireless chargers; printed circuit boards namely evaluation boards and reference design kits consisting of software for semiconductors, sensors and software; semiconductors and software for use in portable medical devices, diagnostic and patient monitoring devices, therapy devices, and medical imaging devices; computer application software, namely, computer software for use in applications for multimedia, graphics video, audio and numerically intensive computations; computer network switching software; computer convergence network software; computer network collaboration software; quality of service software; network access software; networking software for operation of chipsets; networking software for content processing; computer software, namely, firmware, applications and development tools, for use in network content processing; failover prevention software; stateful packet inspection software; stateful application inspection software; enterprise security software; wireless radio controller software; command line management software; voice over IP software; video over

IP software; networking and security software for use with unified threat management equipment, gateways, integrated access devices, routers, switches, controllers, base stations, hubs, and security appliances; utility software for facilitating computer use at remote locations and for facilitating communications among mobile users over networks; computer software for providing security to remote users and for implementing computer, software, and network security measures for remote users; component- based software modeling tool featuring a graphical user interface, automatic code generators and built-in knowledge-base for use in the rapid design, development, implementation, verification and optimization of embedded applications; software for use in developing other software titles; downloadable, searchable electronic publications, namely reference manuals, user guides, application notes and product specifications on the subject of semiconductors, sensors and software; user manuals in electronic format supplied with the foregoing

Class 38: Providing information in the field of telecommunications and telecommunications information relating to wireless communications and mobile technologies; consulting in the field of telecommunication services, namely, transmission of voice, data, and documents via telecommunications networks

Class 42: Providing information in the field of computers, computer software and computer systems; providing information in the field of design and development of computer data networking; providing information in the field of network security and computer security; design for others of integrated circuits, semiconductors, microprocessors, computer hardware and software, and communications software and networks; developing, designing and testing semiconductors, semiconductor devices, integrated circuits, microcontrollers, processors, radio frequency (RF) devices, sensors and software, electro technical and electromagnetic modules and their parts and building elements, data storage apparatuses, interfaces, smart cards, controllers for smart cards, controllers for RFID chips and tags for others; computer software development in the field of mobile applications; design and development of wireless communications systems for transmission and reception of voice, data and video; design and development of battery charging technology; design and development of data networking systems; design and development of network security and computer security systems; design and development of computer hardware and software for the operation and control of drones; design and development of computer hardware and software for the operation and control of robots; design and development of computer hardware and software for the operation and control of automobiles; cloud computing featuring software for transferring, storing converting and displaying medical device data; developing wireless power transfer technology for use in charging vehicles; platform

as a service (P AAS) featuring computer software platforms for use in developing, programming, building, and proto typing IOT (internet of things) devices; platform as a service (P AAS) featuring computer software platforms for wireless acquisition, transmission, conversion and storage of medical device data; providing technical information in the fields of semiconductors, semiconductor devices, integrated circuits, microcontrollers, processors, radio frequency (RF) devices, sensors and software; consulting in the field of telecommunications technology; design and development of wireless communications systems for authentication purposes; providing temporary use of online non-downloadable software applications, development platforms, and development tools that enable software developers to develop, program, build, and prototype software for integrated circuits, chips and data processing equipment; computer programming services; research and design of antennas for scanning, reading and interpreting RFID chips and tags; research and design of NFC (near field communications) apparatus, instruments and equipment; advisory services in relation to all the above

The Applicants claim that they have not used the said Trade mark in respect of the said goods before the date of the said Application.

Any person may within three months from the date of the first appearance of this advertisement in the "*Antigua and Barbuda Official Gazette*" give notice in duplicate at the Trademarks Office, Antigua, of opposition to registration of the said Trademark.

Ms. Ricki Camacho,
Registrar Trademarks.

TRADEMARKS OFFICE
Antigua, 14th August, 2018

Richards & Co, Agent for:

Firstcaribbean International Bank Limited of Michael Mansoor Building, Warrens, St. Michael, Barbados have applied for registration of one Trade Mark consisting of the following-

FCIB

In classes 9, 16, 36, that is to say:

Class 09: Cards, all being magnetic or encoded; cards for processing data relating to card transactions and payment processing; computer terminals; video display units; computer software; magnetic electronic apparatus for processing cards; parts and fittings for the aforesaid goods.

Class 16: Publications, namely financial publications; paper, cardboard and goods made from these materials, not included in other classes; printed matter; book binding

material; photographs; stationery; adhesive for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); instructional and teaching material (except apparatus); plastic materials for packaging (not included in other classes); playing cards; printers' type; printing blocks.

Class 36: Financial services; banking services, financial management, financial planning and financial research services; provision of financial information; financial studies; investment services, investment trust services; investment management services; administration of financial affairs; administration of mutual funds; unit trust services; stocks and bond brokerage services, stock broking agency services; financial appraisals; financial valuation of personal property; trustee services; trusteeship services; deposit holding services; executor services; fiduciary services; tax advice; debt and equity financing; real estate services; property management services; price quotation services relating to trading and dealing in commodities, options, futures, stocks, bonds, shares, debentures, securities, currencies and derivatives; safety deposit services; rental of safety deposit lockers; safekeeping services; insurance services; processing of insurance claims; trust company services; financial security services; financial leasing; credit; credit card, charge card, debit card and cash card services; user incentive schemes, all relating to the use of credit, card, cash, payment and debit cards; information; advisory and consultancy services, all relating to the aforesaid, including such services provided on-line, from a computer network and/or via the Internet or Extranets; preparation of financial reports and financial analysis.

The Applicants claim that they have not used the said Trade mark in respect of the said goods before the date of the said Application.

Any person may within three months from the date of the first appearance of this advertisement in the "*Antigua and Barbuda Official Gazette*" give notice in duplicate at the Trademarks Office, Antigua, of opposition to registration of the said Trademark.

Ms. Ricki Camacho,
Registrar Trademarks.

In classes 9, 35, 41, 42, 45, that is to say:

Class 09: Home automation control devices; wireless communication devices for voice, data, or image transmission; voice and data transmitters and receivers; stand-alone voice controlled information devices; stand-alone voice controlled personal assistant device integrating services provided via apps; voice controlled speakers; scientific, nautical, surveying, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus for recording, transmission or reproduction of sound or images; calculating machines; data processing equipment; computers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; magnetic data carriers; recording discs; compact discs, DVDs, and other digital recording media; mechanisms for coin-operated apparatus; computer software; portable electronic devices for receiving, transmitting and reading text, images and sound through wireless internet access; remote controllers for recording devices; remote controllers; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or

systems; computer touchscreens; digital audio players; audio recorders; digital video players; portable apparatus for recording, transmission and reproduction of music, images, and video; electronic instructional and teaching apparatus and instruments; cameras; digital cameras; software for the redirection of messages; computer hardware and software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing television shows, films, text, images, digital media, multimedia, audio, video and data files; computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; computer software, and peripherals for personalized, interactive television (TV) programming; computer software, and peripherals for use in displaying and manipulating visual media, graphic images, text, photographs, illustrations, digital animation, video clips, film footage and audio data, and for social networking; computer programs for accessing, browsing and searching online databases; computer hardware and software for providing integrated telephone communication with computerized global information networks; computer software used for controlling stand-alone voice controlled information and personal assistant devices; computer software for use in connection with digital content subscription service, providing search platforms to allow users to request and receive digital media content; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, formatting, editing, extracting, encoding, decoding, converting, displaying, storing and organizing text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works and multimedia content; computer software enabling content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works to be downloaded to and accessed on a computer or other portable consumer electronic devices; computer software for transmitting, sharing, receiving, downloading, streaming, displaying and transferring content, text, visual works, audio, works, audiovisual works, literary works, data, files, documents and electronic works via portable electronic devices and computers and global computer and communications networks; personal stereo speaker apparatus; microphones; character recognition software; voice recognition software; electronic mail and messaging software; computer software for formatting and converting content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works into a format compatible with portable electronic devices and computers; computer software for personal information management, and for accessing, browsing, and searching audio and multimedia content, games, and software applications; voice command and recognition software, speech to text conversion software, and voice-enabled software applications; downloadable software in the nature

of a mobile application for computers or other portable consumer electronic device; computer software in the field of text, image and sound transmission and display; none of the aforesaid for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software.

Class 35: Advertising; advertising and marketing services, namely, promoting the goods and services of others; order fulfillment services, namely, services relating to order intake and processing; providing product information for the purpose of assisting with the selection of general consumer merchandise to meet the consumer's needs; provision of search engine optimization services; comparison shopping services namely, promoting the goods and services of others; computerized database and file management; creating indexes of information, sites and other resources available on global computer networks and other electronic and communications networks for others; providing consumer product information for the purpose of selecting general consumer merchandise to meet the consumer's specifications and needs; commercial information and advice for consumers, namely, providing opportunities for internet users to post ratings, reviews and recommendations for a broad range of consumer products; on-line retail store services featuring a wide variety of consumer goods of others; retail store services featuring a wide variety of consumer goods of others; retail services and online retail services in connection with books, consumer electronics, food, wine and beverages, kitchen products, cleaning products, cookware, housewares, clothing, personal care products, pet products, sporting goods, camping gear, toys, jewelry, flowers, footwear and headgear; business management; business administration; office functions; providing directories for telephone numbers, business addresses, electronic mail addresses, network home page addresses, addresses and telephone number of people, places, and organizations.

Class 41: Provision of information relating to entertainment; publication of periodicals; providing online electronic publications (not downloadable); publication of electronic books, journals; publication of material on magnetic or optical data media; publication of music online; provision of information in the field of entertainment online; Providing non-downloadable pre-recorded music and podcasts; providing non-downloadable pre-recorded music and podcasts; providing educational and entertainment information, news, and commentary in the field of current events, entertainment, cultural events, news, sports, entertainment, business and finance, politics and government, health and physical fitness, weather, science and technology, travel, arts and literature, lifestyle and personal growth, land vehicles and conveyances transportation, education and child

development, real estate, fashion and design, recipes, ingredients and cooking, home decorating, music and cinema, history, medicine, law and providing educational and entertainment information about customer rights; providing a website featuring information, audio, publications all related to entertainment; providing news and information in the field of entertainment relating to information, contests, text, audio, publications all related to entertainment; consultancy in the field of entertainment and the entertainment industry; providing information on entertainment, movies and television shows via social networks; distribution of radio entertainment and interactive advertising; entertainment information services, namely, providing opportunities for exchange of information and conversation regarding a wide variety of topics by means of live events and mailed information; providing information, reviews and personalized recommendations in the field of entertainment via global communications networks; providing information and commentary in the field of entertainment or education via a global computer network, namely, information in the field of music, books, movies, motion pictures, games, toys, sporting goods, electronics, multimedia presentations, and other household and consumer goods; entertainment services, namely, providing online prerecorded audio programs in the field of music, books, movies, motion pictures, games, toys, sporting goods, electronics, multimedia presentations, and other household and consumer goods; entertainment services, namely, providing on-line reviews, ratings and recommendations of music, books, movies, motion pictures, games, toys, sporting goods, electronics, multimedia presentations, and other household and consumer goods; entertainment services, namely, providing portions of pre-recorded audio works via the internet; publishing of books, magazines, periodicals, literary works, audio works, and audiovisual works; providing non-downloadable prerecorded audio, visual and audiovisual works via wireless networks; providing online computer games and on-line interactive stories; providing information, news, articles and commentary in the field of education and educational institutions; education services in the name of classroom instruction and on-line distance learning on topics of current events, education, history, language, liberal arts, math, business, science, hobbies, technology, culture, sports, arts, psychology, and philosophy; interactive educational services in the nature of computer-based and computer-assisted instruction on topics of current events, education, history, language, liberal arts, literature, math, business, science, hobbies, technology, culture, sports, arts, psychology, and philosophy; educational and entertainment services in the nature of podcasts, webcasts, and continuing programs featuring news and commentary in the field of music, audio works, books, theatre, literary works, sporting events, recreational activities, leisure activities, tournaments, art, dance, musicals, exhibitions, sports instruction, clubs, radio, comedy, contests, visual

works, games, gaming, festivals, museums, parks, cultural events, concerts, publishing, animation, current events, fashion, and multimedia presentations accessible via the internet or other computer on communications networks; production of radio program; radio entertainment; recording studio services; providing information on-line relating to computer games and computer enhancements for games; providing a searchable online entertainment database featuring online non-downloadable music and other digital text, audio files featuring books, magazines, news and information; provision of information, consultancy and advisory services relating to the aforesaid

Class 42: Provision of search engines; computer services, namely, remote hosting of operating systems and computer applications; hosting operating systems and computer applications through the internet; computer programming; consultancy services relating to multimedia applications management, presentation and control; hardware, software and computer system design; editing, updating, maintenance and support services for software and computer systems; computer services relating to multimedia applications management, presentation and control, research, database management, facilities management and outsourcing; computer services, namely, hosting an online database featuring a wide range of general interest information via the internet; computer services, namely, providing search engines for obtaining general interest information; hosting an interactive database for transmission of messages among computer users and subscribers; hosting an interactive database for transmission of messages among computer users and subscribers concerning books, movies, motion pictures, television programs, games, toys, sporting goods, electronics, multimedia presentations, and other household and consumer goods, product reviews and purchase information on the internet; providing on-line non-downloadable internet browser software; providing non-downloadable mobile communications device software for enhancing mobile access to the internet via computers, mobile computers, and mobile communications devices; technical support, namely, troubleshooting of computer hardware and software problems and mobile computer and mobile communications device hardware and software problems; computer hardware and software consultation and design; computer software design for others; mobile computer and mobile communications device hardware and software consultation and design; hosting of third party content, photos, text, data, images, web sites and other electronic works; providing search platforms to allow users to request and receive photos, text, data, images, electronic works, visual works, audio works, audiovisual works, literary works, and documents; interactive hosting services which allow users to publish and share their own photos, text, data, images online; maintenance and updating of software relating to computer, internet and password security and prevention of computer, internet and password

risks; computer software installation and maintenance; providing a website featuring technical information relating to computer software and hardware; computer consulting; document data transfer from one computer format to another; hosting of digital content on global computer networks, wireless networks, and electronic communications networks; providing temporary use of non-downloadable computer software and online facilities to enable users to access and download computer software; providing temporary use of online non-downloadable computer software that generates customized recommendations of software applications based on user preferences; monitoring of computerized data and computer systems and networks for security purposes; hosting, scaling and maintaining online databases for others; cloud computing featuring software for use in database management; cloud hosting of electronic databases; application service provider (ASP) featuring software for use in database management; platform as a service (PAAS) featuring computer software platforms for use in database management; software as a service (SAAS) services featuring software for use in database management; „Software as a Service (Sa as) for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; Software as a Service (SaaS) for personal information management, and for accessing, browsing, and searching online databases, audio and multimedia content, games, software applications, software application marketplaces, program listings and guides, and video on demand; Software as a Service (SaaS) featuring software for voice command and recognition software, speech to text conversion software, voice-enabled software applications, personal information management, and for accessing, browsing, and searching online databases, audio, video, and multimedia content, games, software applications, software application marketplaces, program listings and guides, and video on demand; Software as a Service (SaaS) enabling audio and multimedia files to be downloaded to and accessed on a computer or other portable consumer electronic device; Software as a Service (SaaS) for mobile devices that allows the user to search the device's content for information, contacts, and applications; Software as a Service (SaaS) for creating indexes of information, indexes of web sites, and indexes of other information resources; Software as a Service (SaaS) for voice command and recognition; Software as a Service (SaaS) for controlling smart audio speakers; Software as a Service (SaaS) featuring software for use in connection with digital content subscription services; Software as a Service (Sa as) featuring software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing audio and multimedia content; providing search platforms to allow users to request and receive digital media content, application; providing temporary use of on-line non-downloadable software and applications for accessing

streaming audio and video files, games, social networks, text files and multimedia files; computer services, namely, providing database servers of variable capacity to others; providing a web site featuring non-downloadable software for database management; providing hosted operating systems and computer applications through the internet; rental of computing and data storage facilities of variable capacity; providing, developing and designing software, non-downloadable, accessible over a global computer network, for managing computer applications; designing, managing and monitoring online forums for discussion; creating electronically stored web pages for online services and the internet; data warehousing, elaboration and maintenance of web sites for third parties; managing websites for others; rental of web servers; website maintenance, creation and hosting services; application service provider, namely, providing, hosting, managing, developing and maintaining applications, software, websites and databases in the fields of ecommerce, online payments, order queuing, website design, data storage, shared computing capacity scaling, messaging services and calculation of web site ranking based on user traffic; hosting a website that gives users the ability to review various print, graphic image, and audio content and utilize a custom template to provide input, likes, dislikes, edits, changes, modifications, opinions, suggestions, and comments and engage in social, business and community networking; computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking; design and development of computer hardware and software; design and development of computer game software; providing temporary use of on-line non-downloadable software development tools for the design and development of electronic games; technical support services, namely, troubleshooting of computer game software problems; providing non-downloadable software applications; providing temporary use of on-line non-downloadable cloud computing software for use in electronic storage of data; computer software development in the field of mobile applications; application service provider, namely, hosting, managing, developing, and maintaining applications, software, and web sites, in the fields of personal productivity, wireless communication, and mobile technology; scientific and technological services and research and design relating thereto; industrial analysis and research services; provision of information, consultancy and advisory services relating to the aforesaid; none of the aforesaid for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software.

Class 45: Internet based introduction, social networking and dating services; providing contacts and facilitating

introductions for the purpose of creating and developing productive personal relationships for people with a common desire to meet other people with similar interests; introduction, personal relationship, and social networking services provided via the Internet or other computer or communications network; on-line social networking services, namely, facilitating social introductions or interactions among individuals; online social networking services; online social networking services in the field of entertainment; social networking services in the field of entertainment provided via a website and communications networks; personal concierge services; legal services; security services for the protection of property and individuals; providing on-line computer databases and on-line searchable databases in the field of social networking; providing a social networking website for entertainment purposes; providing social networking services for purposes of commentary, comparison, collaboration,

consultation, advice, discussion, research, information sharing, indexing, information location, and entertainment; personal shopping services; providing a searchable database featuring audio, video and audiovisual content available through the Internet, telecommunications networks and wireless telecommunications networks in the field of online social networking.

The Applicants claim that they have used the said Trade mark since 18th February, 1997.

Any person may within three months from the date of the first appearance of this advertisement in the "*Antigua and Barbuda Official Gazette*" give notice in duplicate at the Trademarks Office, Antigua, of opposition to registration of the said Trademark.

Ms. Ricki Camacho,
Registrar Trademarks.
