Antigua and Barbuda, By Noel F. Abraham,  
Government Printer.

— By Authority, 2021

[Price \$9.25]

**PUBLICATION WITHIN THE OFFICIAL GAZETTE**

The Official Gazette, the official newspaper of the Government of Antigua and Barbuda, is published every Thursday either online or in print form at the Government Printery.

**Notice Submissions and Style**

Notices for publication and related correspondence should be addressed to Mr. Ryan Johnson, Editor of the Official Gazette at the following email addresses: **ryan.johnson@ab.gov.ag / antiguagazette@gmail.com**

That is the preferred method of communication for **all** correspondence (especially when sending Notices/information which must be sent in Microsoft Word format) to be published in the Gazette.

Letter headings should be addressed to:

Mr. Ryan Johnson  
Editor of the Official Gazette  
Ministry of Justice & Legal Affairs  
Parliament Drive  
Queen Elizabeth Highway  
P.O. Box 118  
Antigua

Microsoft Word is the preferred format for notice submissions. Please do not send notices only in PDF format as errors may occur when converting to Word. Image files should be sent in JPG or PNG format.

“Therefore, please send all notice submissions in the Microsoft Word format and a PDF version of such Notice only where there are signatures to be included in the notice submission (document).” This applies to all institutions including governmental, financial and other commercial institutions. Additionally, for the security purposes of any financial information being sent, the institution’s Information Technology (IT) personnel can lock the information as a JPEG in a Microsoft Word document and send the information to the Editor in that prescribed manner.

The Gazette Department reserves the right to apply its in-house style to all notices. Any corrections which are related to style will be made at the discretion of the Editor for reasons of consistency.

**Deadlines**

The deadline for submitting notices for publication in the principal edition is midday Monday on every week for all commercial and Government notices, in the week of publication.

\*Late notices may be accepted at the discretion of the Editor.

The deadline for cancelling notices in the principal edition is 12.00 midday Wednesday. Please call the Gazette Office immediately to cancel a notice, and confirm by email.

**Advertising Rates**

Publication Fee \$106.20 Eastern Caribbean Dollars.  
Annual Subscription Fee: \$215 Eastern Caribbean Dollars

\*Advertising rates are not negotiable.

Antigua and Barbuda Official Gazettes are published directly online at [www.gazette.gov.ag](http://www.gazette.gov.ag)

All editions are also available on subscription from the Antigua and Barbuda Government Printery, St. John’s, Antigua (telephone: (268) 562-5168/ (268) 462-0510).

**9** Computer hardware; software for social networks and interaction with an online community; software development tools; application programming interface (API) software; application programming interfaces (API) intended for the creation of software applications; application programming interface (API) for software facilitating online services for social networking, and enabling the retrieval, downloading through server, downloading, access and management of data; software for creating, managing and interacting with online communities; software for organizing events, researching events, managing and scheduling events; software enabling creating, editing, downloading through server, downloading, accessing, viewing, publishing, displaying, tagging, blogging, streaming, linking, annotating, sharing views, commenting, integrating, transmitting and sharing or providing by other channels multimedia content or electronic information via a computer, the Internet and communication networks; software for modifying and enabling the transmission of images, content and audio, audiovisual and video data; software for modifying photographs, images, sound, videos and audiovisual content with filters and augmented reality effects, namely graphic illustrations, animations, text, drawings, geo-tags, metadata tags, hyperlinks; software for the collection, management, editing, organization, modification, transmission, sharing and storage of data and information; downloadable e-commerce software enabling users to carry out electronic business transactions via the Internet and communications networks; software for sending and receiving messages, alerts, notifications and electronic reminders; search engine software; magnetic encoded gift cards; software for creating, managing, measuring and distribution of advertisements for third parties; ad server, namely a

computer server for storing advertisements and supplying advertisements to websites; virtual-reality game software; augmented reality game software; mixed reality game software; computer hardware for virtual reality games; computer hardware for augmented reality games; computer hardware for mixed reality games; computer peripheral devices; electronic game software; virtual reality software; augmented reality software; mixed reality software; software for video games; software for integrating electronic data into real-world environments for entertainment, education, games, communication and social networking purposes; software for accessing and displaying texts, images and electronic data concerning conferences in the field of software development; software enabling the development, evaluation, testing and maintenance of mobile software applications for mobile electronic communication devices, namely, mobile telephones, smart phones, laptops and tablet computers; software for the conversion of natural language into commands executable by a machine; software, namely interpretation interface for facilitating interaction between humans and machines; artificial intelligence software; personal assistance software; social assistance software; software for cartography services; software for planning activities with other users and making recommendations; software for social and location cartography; software for making reservations; software for ordering and/or buying products and services; geo-tracking software for researching, identifying and sharing locations; software for the wireless distribution of content, data and information; software for enabling access, displaying, editing, connecting, sharing or providing electronic media and information via the Internet and communication networks; software, namely an application providing social networking functions; software for creating, managing and accessing groups in virtual communities; research and alert software based on localization; research and identification software for job opportunities; software to identify and enable users to contact government representatives; software providing a virtual market; software providing meteorological information based on localization; software providing, connecting or streaming informations or news; software to facilitate interaction and communication between humans and artificial intelligence platforms; software for viewing and interacting with a stream of images, audio, audiovisual, video content, and text and related data; computer software for finding content and editors of content and of publishers and for subscribing to content; software for creating and managing social media profiles and user accounts; software enabling individuals, groups, companies and brands to create and maintain an online presence for marketing

purposes; software for advertisers for the purposes of communicating and interacting with an online community; software for streaming multimedia entertainment content; software; software for processing images, graphics, sound, video and text; software for sending and receiving electronic messages, graphics, images, audio and audiovisual content via the Internet and communication networks; content management software for social networks, interacting with a virtual community and transmitting images, audio, audiovisual and video content, photographs, videos, data, text, messages, comments, advertisements, communications and information from advertising media; customer relationship management (CRM) software; messaging software; software for facilitating and organizing the financing and distribution of collections and donations; software for online charity fundraising services and financial donations services.

- 35** Advertising, marketing and promotional services; providing study and market information services; promoting third-party products and services via the Internet and communication networks; business and advertising services, namely media plan establishment services and media space purchase on behalf of third parties; business and advertising services, namely advertising services for monitoring the advertisement performance, for managing, distributing and disseminating advertisements, for analyzing advertisement data, for reporting advertisement data and optimizing advertisement performances; support services in the fields of advertising and marketing; services facilitating the sale and exchange of third-party products and services via the Internet and communication networks; operating online marketplaces for the sale of products and/or services; provision of sales areas online for sellers and buyers of goods and services; company networking services; personnel placement and recruitment services; classified advertising services, namely providing a classified advertising space via the global computer network; services to heighten public awareness about charity, philanthropic, volunteer, public and humanitarian activities services; advertising via electronic media; customer relations management; advertising services; distribution of advertising for third parties via the Internet and communication networks; promoting third-party products and services by means of advertising video distribution on the Internet and communication networks; advertising services, namely targeting and optimizing online advertising; commercial business management; commercial administration; office functions; business consultation regarding marketing and advertising activities; media planning

and media buying services; consulting services in the field of brands; design of advertising materials for third parties; providing informations about commercial directories via the Internet related to third-party companies, products and services; marketing, advertising and promotional services; providing study and market information services; promoting third-party products and services via the Internet and communication networks; business and advertising services, namely media plan establishment services and media space purchase on behalf of third parties; business and advertising services, namely advertising services for monitoring the advertisement performance, for managing, distributing and disseminating advertisements, for analyzing advertisement data, for reporting advertisement data and optimizing advertisement performances; support services in the fields of advertising and marketing; services facilitating the sale and exchange of third-party products and services via the Internet and communication networks; operating online marketplaces for the sale of products and/or services; provision of sales areas online for sellers and buyers of goods and services; company networking services; personnel placement and recruitment services; classified advertising services, namely providing a classified advertising space via the global computer network; charitable services, in particular, heightening public awareness about charity, philanthropic, volunteer, public and community and humanitarian activities services; advertising via electronic media; customer relations management; advertising services; distribution of advertising for third parties via the Internet and communication networks; promoting third-party products and services by means of advertising video distribution on the Internet and communication networks; advertising services, namely targeting and optimizing online advertising; commercial business management; commercial administration; office functions; business consultation regarding marketing and advertising activities; media planning and media buying services; trademark advice; design of advertising materials for third parties; providing online commercial directories featuring third-party companies, products and services.

- 36** Financial transaction processing services, in particular, providing electronic transactions and secure payment options; electronic processing and transmission of bill payment data for Internet and communication networks users; electronic transfer of funds; financial transaction processing services in the nature of credit cards, debit cards and processing of transactions services by gift cards; processing of payment transactions services for merchants; providing mobile electronic payment services for

third parties; financial services; payment processing services; financial transaction services; organizing financing and financial redistribution of collections and donations; online charity fundraising services and financial donations services; issuance of prepaid gift cards, in the nature of certificates, redeemable against products or services.

- 38** Sharing services for photographs and videos, namely electronic transmission of digital photo files, videos and audio-visual content between Internet users; telecommunications; provision of access to electronic, computer and online databases; telecommunication services, namely electronic transmission of media, data, messages, graphics, images, audio content, video content and electronic information; providing online communication forums on topics of general interest; providing online communication links enabling the transfer of a user from a website to other local or global web pages; providing access to websites or other electronic third-party content via a universal identifier; providing online discussion forums, instant messaging services and electronic display boards; audio, text and video content broadcasting services, video and text via the Internet or other communications networks; voice services via the voice over Internet Protocol (VoIP); telephone communication services; provision of access to computer databases in the fields of social networking, dating and social meetings; sharing services for photographs and peer-to-peer data, namely electronic transmission of digital photograph files, graphics and audiovisual content between Internet users; electronic transmission of images, audiovisual and video content, photographs, videos, data, texts, messages, advertisements, communications and advertising information via peer-to-peer networks; streaming and live streaming of video, audiovisual and interactive audiovisual content via the Internet; teleconferencing; telecommunication services, namely transmitting and receiving data services via telecommunication networks; web messaging; electronic exchange of voice, data, sound, video, text and graphics accessible via the Internet and telecommunications networks; distribution services for audio, text and video over the Internet and other communication networks; providing access to online computer databases and online searchable databases in the field of classified advertising; providing access to online electronic and interactive databases for user-defined content, third-party content, photographs, video, audio, visual and audiovisual material in the field of general interest; transmission of photographs and videos via the Internet [sharing services]; providing access to online websites enabling users to download, modify and share content, information, experiences and virtual

reality data; providing access to online websites enabling users to download, modify and share content, information, experiences and augmented reality data; providing access to online websites enabling users to download, modify and share content, information, experiences and mixed reality data; providing access to online computer databases and online searchable databases in the field of social networking, social gatherings and meetings.

- 41** Entertainment services; electronic publishing services for others; entertainment services, in particular, providing services to interactive games for one or several players for games over the Internet or communication networks; providing information on electronic multimedia games, video or interactive media via the Internet or communication networks; organization of competitions and incentive programs for educational purposes to recognize, reward and encourage individuals and groups who are committed to personal development, personal accomplishment, charity, philanthropic, voluntary, public and community and humanitarian activities services and sharing products from creative work; publication of teaching material, in particular, publication of books, magazines, flyers and electronic publications; educational services, in particular, organizing and conducting online conferences, courses, seminars and training in the fields of advertising, marketing, social networking, the Internet and social media, and distribution of course materials relating to the aforementioned services; online magazines, in particular, blogs featuring user-defined content; entertainment services, in particular, providing virtual reality games, interactive entertainment services and virtual reality content; entertainment services, namely providing augmented reality games, interactive entertainment services and augmented reality content; entertainment services, namely providing mixed reality games, interactive entertainment services and mixed reality content; providing electronic multimedia and interactive games; providing online virtual reality games; providing online augmented reality games; providing online mixed reality games; providing entertainment via computer, electronic and online databases; publishing services, namely publication of electronic publications for third parties; entertainment services, namely providing online facilities for streaming entertainment content and live streaming of video on entertainment events; providing online games; entertainment services, namely providing virtual reality games, interactive entertainment and content and virtual reality experiences; entertainment services, namely providing augmented reality

games, interactive entertainment and content and augmented reality experiences; entertainment services, namely providing mixed reality games, interactive entertainment and content and mixed reality experiences; virtual reality game services provided online from a computer network; augmented reality game services provided online from a computer network; providing online virtual reality games; game services provided on-line from a computer network; entertainment services, namely providing interactive games; entertainment services, namely providing online virtual reality environments; entertainment services, namely providing online augmented reality environments; providing entertainment information from directories and searchable databases, including texts, electronic documents, databases, graphic illustrations, photographic images and audiovisual information, on the Internet and communication networks; provision of electronic publications, not downloadable, on the Internet on virtual reality technology; provision of electronic publications, not downloadable, on the Internet on augmented reality technology; education; training; sporting and cultural activities; entertainment and education services, namely providing films, television programs, web programs, non-downloadable audiovisual and multimedia works on the Internet, as well as information, reviews and recommendations regarding films, television programs, web programs, audiovisual and multimedia works.

- 42 Design and development of computers and software; computer services, namely virtual communities software design enabling registered users to organize groups, meetings and events, participate in discussions, and participate in social, professional and community networking; computer services, in particular, hosting electronic infrastructures on behalf of third parties for organizing and conducting meetings, events and interactive discussions via the Internet and communication networks; computer services, namely programming of customized web pages featuring information defined or specified by users, personal information and profiles including audio, video, photo or text content and data; computer services, namely, provision of search engines enabling data to be obtained via the Internet and communication networks; providing an online network featuring technology enabling online users to create personal profiles featuring information on social and commercial networking and to transfer and share this information on multiple online infrastructures to participate in social networking and manage their social networking accounts; providing online non-downloadable software for

social networking, creating a virtual community and transmitting audio, video, photo or text content and data; application service provider (ASP) services, namely hosting third-party software applications; application service provider (ASP) services featuring software for enabling or helping creating, editing, uploading, downloading, accessing, viewing, publishing, displaying, tagging, blogging, streaming, linking, annotate, sharing views concerning, commenting, integrating, transmitting and sharing or providing via other channels multimedia content or electronic information via the Internet or communications networks; providing an online network service enabling users to transfer personal identity data and share personal identity data with and between multiple online infrastructures; providing access to online content from directories and searchable information databases, including texts, electronic documents, databases, graphics, electronic media, images and audiovisual content, via the Internet and communication networks; providing non-downloadable computer e-commerce software enabling users to perform electronic business transactions via the Internet and communication networks; software as a service (SaaS) featuring software for sending and receiving of electronic messages, notifications and reminders and for facilitating electronic commercial transactions via the Internet and communication networks; providing non-downloadable online software for designing, managing, measuring, analyzing, distribution and supply of third-party advertisements; providing non-downloadable software programs enabling buyers and sellers of online advertising to purchase and sell advertising inventory; application service provider (ASP) software featuring software intended for the purchase, sale, design, management, tracking, evaluation, optimization, targeting, analysis, providing of-, and preparation of reports on- online marketing and advertising; development of computer hardware for electronic multimedia and interactive games; development services for electronic multimedia and interactive games; hosting online sites enabling users to download, modify, and share content, information, experiences and virtual reality data; hosting online sites enabling users to download, modify, and share content, information, experiences and augmented reality data; hosting online sites enabling users to download, modify, and share content, information, experiences and mixed reality data; providing non-downloadable online software enabling the development, evaluation, testing and maintenance of mobile applications software for portable computer devices; providing user authentication services by means of the unique signature and software

technology for e-commerce transactions; providing user authentication services for electronic funds transfer, credit and debit cards and electronic check transactions by means of unique signature technology and software technology; providing an application programming interface (API) to enable users to perform electronic monetary business transactions via the Internet; providing non-downloadable online software for processing electronic payments; platform as a service (PaaS) services featuring software enabling users to perform business and e-commerce transactions; providing application programming interface (API) software intended to be used for electronic messaging and transmission of audio, video, photo and text content and data; providing non-downloadable online software for electronic messaging; cartography services; providing non-downloadable online software for cartography services; application service provider (ASP) services featuring software for cartography services; providing non-downloadable online software for sharing and displaying a user's location, plan activities with other users and give recommendations; application service provider (ASP) services featuring software to enable or facilitate sharing and displaying of a user's location, planning of activities with other users and giving recommendations; providing non-downloadable online software for social and location mapping; application service provider (ASP) services featuring software to enable or facilitate social and location mapping; providing non-downloadable online software for making reservations; application service provider (ASP) services comprising software to enable or facilitate reservations; providing non-downloadable online software for the order and/or purchase of goods and services; application service provider (ASP) services featuring software to enable or facilitate the order and/or purchase goods and services; providing non-downloadable online software capable of tracking for researching, determining and sharing the location of goods, services and events of interest; application service provider (ASP) services featuring software capable of tracking for researching, determining and sharing the location of goods, services and events of interest; providing non-downloadable online software for the creation, management of - and access to - private groups created and managed by users within virtual communities; providing non-downloadable online software for research and identification of local and location-based points of interest, events, points of reference, employment opportunities, entertainment, cultural events, shops and offers; providing non-downloadable online software for searching and identifying employment

opportunities; providing software to identify and enable users to contact government representatives; providing non-downloadable online software for providing a virtual marketplace; providing non-downloadable online software for providing localized meteorological information; providing non-downloadable online software for providing, connecting, or streaming news information or information on current events; providing non-downloadable online software to facilitate interaction and communication between humans and artificial intelligence platforms; application service provider (ASP) services featuring software to enable or facilitate interaction and communication between humans and artificial intelligence platforms; augmented reality and virtual reality effects design for modifying photographs, images, videos and audiovisual content; platform as a service (PaaS) proposing software platforms intended for the purchase and distribution of advertisements; providing non-downloadable online software for modifying photographs, images and audio, video and audio-video content with filters and augmented reality effects, in particular graphics, animations, texts, drawings, geotags, metadata tags, hyperlinks; providing non-downloadable online software for viewing and interacting with an electronic multimedia stream, namely images, video and audiovisual content, live streaming of videos, comments, advertising, news, and Internet links; providing non-downloadable online software for finding content and editors of content and for subscribing to content; providing non-downloadable online software for organizing images, video and audiovisual content by means of metadata tags; application service provider (ASP) services featuring software for social networking, social networking content management, virtual community creation and transmission of images, audiovisual and video content, photographs, videos, data, texts, messages, advertisements, media advertising communications and information; application service provider (ASP) services featuring application programming interface (API) software which facilitates online services for social networking, software applications development; platform as a service (PaaS) featuring software platforms for social networking, social networking content management, virtual community creation and transmission of images, audiovisual and video content, photographs, videos, data, texts, messages, advertisements, media advertising communications and information; rental of software enabling users to download, modify and share images, videos and audiovisual content; computer services, namely hosting online content and advertising defined by the user and creating a social media feed; providing

non-downloadable online software for taking photographs and recording audio, video and audiovisual content; providing non-downloadable online software for uploading, downloading, archiving, enabling the transmission and sharing of images, video and audiovisual content and related text and data; providing non-downloadable online software for streaming of multimedia entertainment content; providing non-downloadable online software for creating and maintaining an online presence for individuals, groups, businesses and brands; providing non-downloadable online software enabling advertisers to communicate and interact with online communities; personal assistant software design; social assistance software design; providing online networks featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, email alerts and reminders, photographs, images, graphics, data, audio, video and audiovisual content via the Internet and communication networks; application service provider (ASP) services featuring software to enable or facilitate voice over Internet protocol calls (VoIP), telephone calls, video calls, text messages, electronic messages, instant messages and online social networking services; providing non-downloadable online software enabling photographs to be taken and edited and videos to be recorded and edited; application service provider (ASP) services featuring software to enable or facilitate the taking and editing of photographs and recording and editing of videos; development of video games; computer programming services for the creation of videos and virtual reality games; design and development of augmented reality hardware and software; software development; providing non-downloadable online software online; application service provider (ASP) services; providing online networks for users to download, modify and share audio content, video content, photographic images, texts, graphic illustrations and data; design of non-downloadable online software and applications provision for customer relations management (CRM); application service provider (ASP) services featuring software for customer relations management (CRM); computer services, in particular, application service provider services featuring application programming interface (API) software for customer relations management (CRM); hosting of digital content [virtual reality and augmented reality] on the Internet; scientific and technological services as well as research and design services relating thereto; industrial analysis and research services; providing non-downloadable online software for facilitating and organizing the financing and financial distribution of collections and donations; providing non-downloadable online

software for online charity fundraising and monetary donations services.

- 45** Social gathering, networking and appointment services; providing information in the field of personal development, personal improvement, personal accomplishment, charitable, philanthropic, volunteer, public and community, and humanitarian activities services; providing concierge services for third parties, in particular reservation, purchase facilitation, organization of deliveries, carrying out personal requests, providing recommendations on products and services, providing customer-specific information to respond to the individual needs and providing reminders and electronic notifications; online social networking services; providing information in the field of social networking and social gatherings from online interactive databases; user verification services; user verification services [identity verification services]; identification verification services [identity verification services]; business identification verification services [identity verification services]; legal services.
